

Proposed Kentucky legislation (SB-1 and HB-51) which will have a catastrophic impact on immigrants, especially families. Attend an expert panel to learn about the proposed bills and actions to stop this outrage.

Date/Time: Tuesday, March 10, 2020 (6:30 pm - 9.00 pm)
Place: Highland Baptist Church, 1101, Cherokee Road, Louisville, KY 40204

Please read attached fact sheet which tells you what you should know about SB-1 (passed by the Senate and now up for consideration by the House Judiciary Committee).

Although some changes were made to the original version of SB-1, it remains seriously flawed because the changes did not alter the fact that SB-1 serves no valid legal purpose and will:

- Allow police who have no education or training in the complex field of immigration affairs to assist in enforcing immigration law.
- Allow government employees to collect information on the legal status of anyone who appears to them to be an immigrant.
- Weaken local law enforcement by putting victims and witnesses of crime at risk of being detained and deported if they report a crime.
- Create a system of fear, intimidation, and racial profiling against Kentuckians of color, or our Kentucky immigrant communities in general.
- Foster anger and mistrust on the part on the white community towards immigrants who appear to them to be different from them in color, race, language and dress.
- Make immigrants targets for possible arrest and deportation.
- Lead to the deportation of many immigrants.
- Expose the state of Kentucky to costly lawsuits for wrongful arrest or ill-treatment of immigrants, since Immigration and Customs Enforcement (ICE) does not pay for expenses incurred in the pursuit of such lawsuits.
